Warranty Terms & Conditions

KNUTH Top 15

Additional (48) months parts warranty extension or 10,000 hours new machine limited warranty, whichever comes first. Defective components shall be supplied free of charge after diagnostics with a KNUTH service engineer for the lessor of 5 years after receipt of machine or 10,000 hours of machine operation.

Select machines only. Must pay list price of machine to qualify for warranty. Offer valid in the 48 consecutive United States. Warranty commences upon delivery of machine. The customer is responsible for any freight and all other associated costs not covered by warranty. Electrical components, consumables and modified machines are excluded. Any damage to the machine as a result of shipping, incorrect setup, misuse, negligence and/or poor maintenance are not covered under warranty. Return of defective parts may be required.

For the rest of our portfolio an extended parts warranty and maintenance plan is available for purchase. We offer 2 levels:

KNUTH Protect or KNUTH ProtectPro.

KNUTH Protect

(24) months parts warranty extension or 6,000 hours new machine limited warranty, whichever comes first. Defective components shall be supplied free of charge after diagnostics with a KNUTH service engineer for the lessor of 3 years after receipt of machine or 6,000 hours of machine operation.

Includes (2) annual maintenance visits (travel/labor) scheduled at KNUTH's discretion. Any required maintenance materials should be supplied by the customer in advance of visit. Troubleshooting activities or repairs may incur additional charges at our standard rates.

Warranty commences upon delivery of machine. The customer is responsible for any freight and all other associated costs not covered by warranty. Electrical components, consumables and modified machines are excluded. Any damage to the machine as a result of shipping, incorrect setup, misuse, negligence and/or poor maintenance are not covered under warranty. Return of defective parts may be required.
